RealEC Support Info

If you need assistance, contact support at:

1-877-2REALEC (1-877-273-2532)

Or send an email to support@realec.com and a support analyst will contact you.

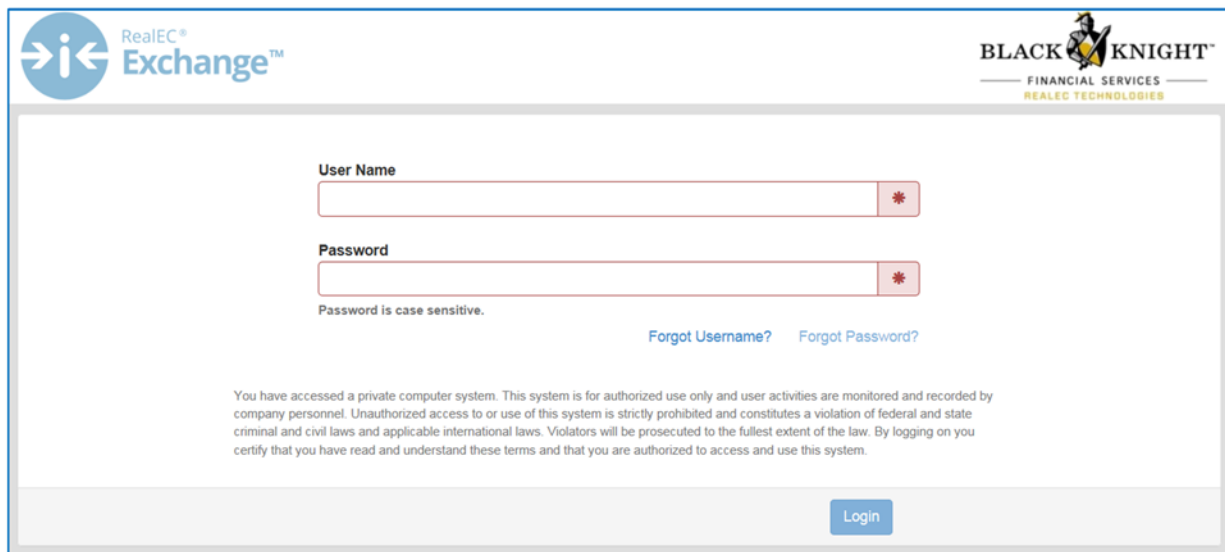

Navigate to RealEC Exchange (Admin)

Use the below URL to navigate to the RealEC Exchange Admin site.

<https://Admin.RealECExchange.com>

Login to the Admin Site

Log in to the Admin site with your User Name and temporary password provided in email. Upon first login, you will be prompted to choose a permanent password and set up security questions and answers for future password resets. A minimum of 6 security questions are required to be set up.

The screenshot shows the login interface for the RealEC Exchange Admin site. At the top left is the RealEC Exchange logo. At the top right is the Black Knight Financial Services RealEC Technologies logo. The main form contains two input fields: 'User Name' and 'Password', each with a red asterisk icon on the right. Below the password field, it says 'Password is case sensitive.' There are two links: 'Forgot Username?' and 'Forgot Password?'. At the bottom of the form is a 'Login' button. A disclaimer at the bottom of the page states: 'You have accessed a private computer system. This system is for authorized use only and user activities are monitored and recorded by company personnel. Unauthorized access to or use of this system is strictly prohibited and constitutes a violation of federal and state criminal and civil laws and applicable international laws. Violators will be prosecuted to the fullest extent of the law. By logging on you certify that you have read and understand these terms and that you are authorized to access and use this system.'

Password Guidelines

The password should meet the following requirements:

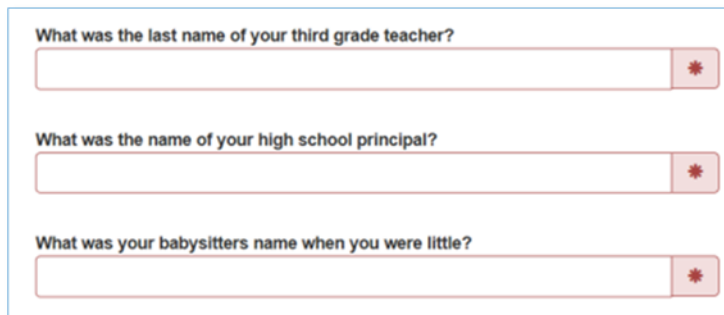

- Must be between 8-20 alphanumeric characters
- Must not contain repeating characters
- Must contain at least one digit or special character
(Special characters are: `!@#&\$%^*()_+{};<>?-=[]\;,./)
- Must contain an upper case character
- Must contain a lower case character
- Must not contain illegal characters
(Any character not specified in special characters is illegal character. Example: [Space]'|~")
- Must not contain username

Security Questions

User must pick a minimum of 6 Security Questions and Answers. Please see the *Establishing Security Questions* job aid for more information.

Select questions from the dropdown and click the **Add** button.

- Each answer must be 4 characters or more
- Cannot pick same answer twice
- Cannot have same answer to multiple questions
- All questions chosen must have an answer

What was the last name of your third grade teacher?

What was the name of your high school principal?

What was your babysitters name when you were little?

Options Menu

The Options Menu allows the user to change their password, change their security questions and access the Training page.

Change Password

User must successfully answer 3 Security Questions and enter their current password. New password must follow the Password Guidelines above and cannot match previous 12 passwords.

Change Security Questions

User must successfully answer 1 current Security Question and enter their current password.

Training

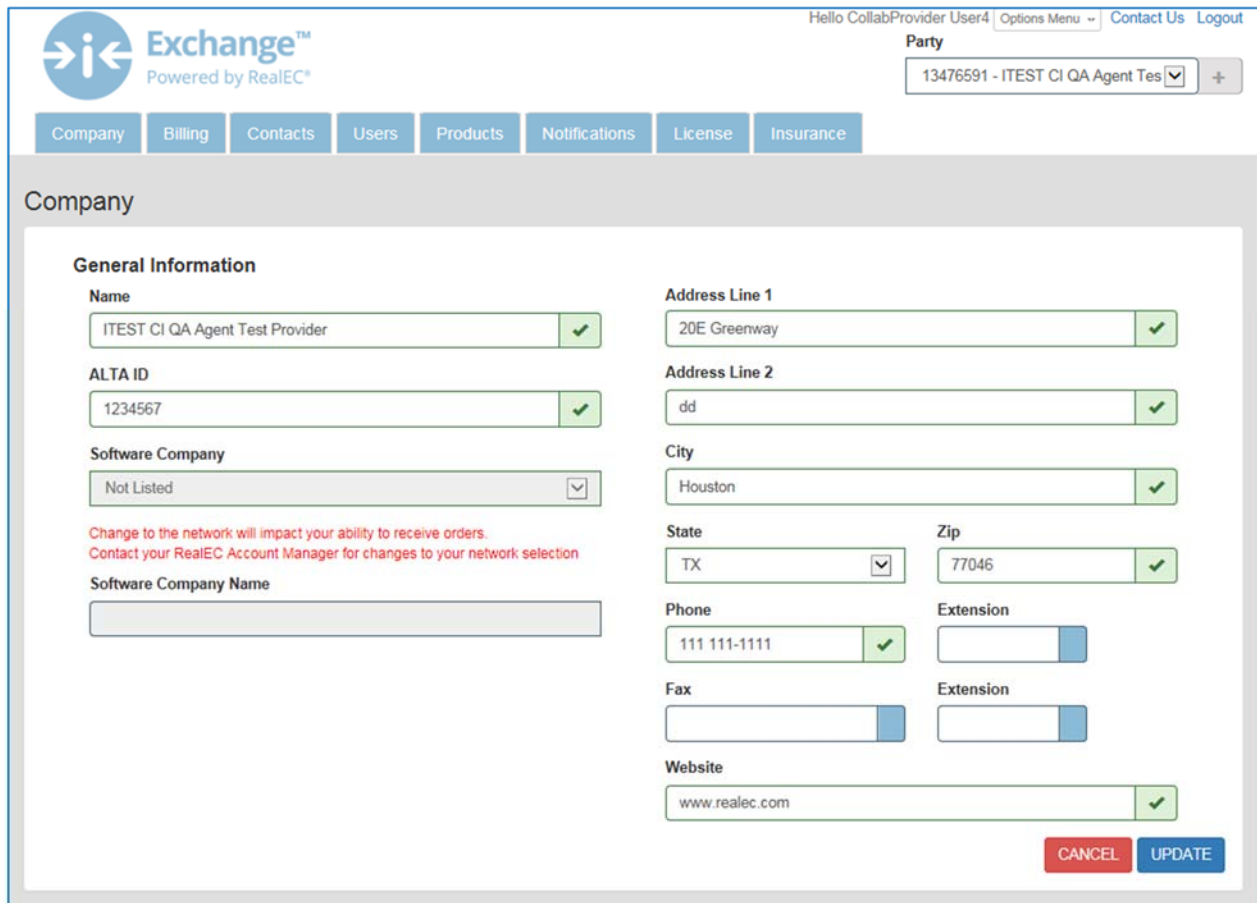

Opens the RealEC Training page in a new window. Access Training guides, job aids, videos and other training documentation for the RealEC Exchange.

Admin Landing Page

The **Company** tab will appear by default & will display general company information. The user may choose between all Party IDs that they have access to by utilizing the Party dropdown at the top of any page. The Primary Party ID is displayed by default.

Each of the Admin options is represented by tabs across the top of the page. See the following sections for information on each of the Admin options.
