#### Introduction

The agentTRAX application introduces a powerful product (**ionFraud**) that allows searches using property address to obtain valuable information relevant to the property to assist with identifying potential fraud.

#### Accessing

From the toolbar:

- 1. Select Services
- 2. Click the Underwriter Services folder to expand
- 3. Double-click FNF AgentTRAX entry

- 4. From the Order Linking window
  - a. If no order is open, enter the corresponding order in the Selected Order Number field.

NOTE: If an order is active, the order is automatically linked, and these screens are bypassed.

#### Selecting the Company/Underwriter

The Company/Underwriter Selection window opens showing companies that are available and identifies if the Company/Underwriter can issue a CPL and/or Policy Jacket for the Property State entered in your SoftPro order.

- Check the Remember my selection check box to have the system save your selection for future use.
- Columns can be sorted in ascending or descending order by any of the column headers (i.e., Company or Underwriter).
- Click the **Refresh Data** button to return to the original view.
- 6. Click **Next** to continue

lease select the company and under	writer that you would	like to use:		
Company	Underwriter	Address	JacketAccess	CPLAcces
Test Title Company	CLTIC	123 Main Street	4	~
Test Title Company	CTIC	123 Main Street	4	1
Test Title Company	FNTIC	123 Main Street	1	-

#### Title Services.

From the Title Services window,

- 5. Click the Add Product button to open the Available Products window
- 6. Select IonFraud to continue

#### **Service Selection**

The **Absentee Owner** check box is checked by default.

To view relevant disclaimer information, click the **Disclaimer** link

7. Click **Next** to continue

#### **Property Selection**

Properties can be selected from the **Property Selection** screen. Up to five pre-populated properties (from the ProForm Order) may be selected to perform the search.

- Check the corresponding checkbox for each property or check the Select all properties check box to select all shown
- NOTE: At least one property must be selected to enable the Search button to continue.

Edits can be made to any of the fields displayed in the grid.

The Display a critical Note when order is open for VacantLand, Non-Owner Occupied and No Letter

Recommended is checked by default and may be unchecked.

9. Click the Search button to continue or click the **Back** button to return to the **Service Selection** screen

### **Property Search Results**

The **Property Search Results** screen displays the search results for all the properties selected on the previous screen. To ensure the accuracy and relevance of search results, property searches can be submitted if a result is found via the service. If no result is found or in the case of multiple results found, the **Submit** button will be disabled.

- The Select All check box is pre-selected. Properties can be deselected to exclude from the submission.
- Hover over the Success Status icons to view a tooltip message. The message indicates the appropriate actions to be taken based on the status indicated.
- The Search Results display the results retrieved from the service. When conducting a property search, up to five different types of results are available. Each result type

provides specific information relevant to the search query.

Below is a detailed description of each Search Result type.

- Please narrow down your search.
  - Tool Tip Message- Search resulted in more than 10 properties found. Please update the address/parcel id in the previous screen.

In this scenario, the address or parcel ID must be updated on the previous screen to retrieve results from the property search query. For optimal results in the property search query, it is recommended to provide the parcel ID to accurately identify the property result.

- No Result Found- Update address to retry or manually review to determine if applicable.
  - Tool Tip Message- Please update the address/Parcel ID in the previous screen.
     In this scenario, the address or parcel ID must be updated on the previous screen to retrieve results from the property search query. For optimal results in the property

search query, it is recommended to provide the parcel ID to accurately identify the property result.

- Result Found- Letter to Property Owner Required
  - Tool Tip Message- Match Found
- Result Found- No letter recommended.
  - Tool Tip Message- Match Found
- Dropdown menu (Labeled as 'Select' in the screenshot)
  - Tool Tip Message- *Please select a specific entry from the dropdown or update the address/Parcel ID in the previous screen.*

In this scenario, an entry is required to be selected from the dropdown that closely matches the selected property for the search or update the address or parcel ID on the previous screen to retrieve results from the property search query. For optimal results in the property search query, it is recommended to provide the parcel ID to accurately identify the property result.

The **Submit** button is enabled when a match is found, allowing a submission. Upon successful submission, the transaction is created in both the **launcher** and the **360 Queue** with the status set to **Ready**.

#### Launcher- Title Services Screen

 Click the edit/view button to access the review screen and accept the data and documents.
