Technical

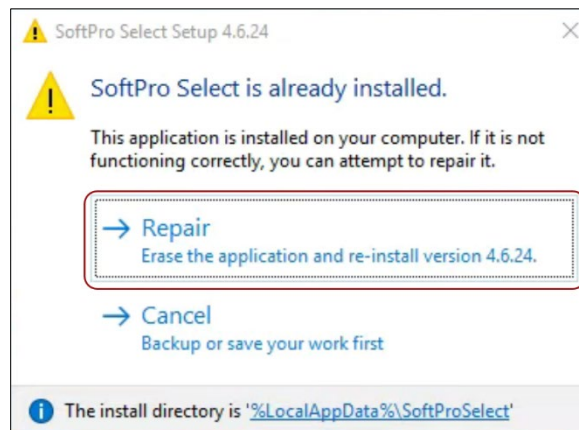

- Support added to Select application for 360 Okta enhancement. 412665 / (v4.6.24)
- The client installer updated to use a new third-party tool, Velopack. 431115 / (v4.6.24)

The updated version prompt is still displayed when upgrading the client from an existing version of 4.6 to 4.6.24+.

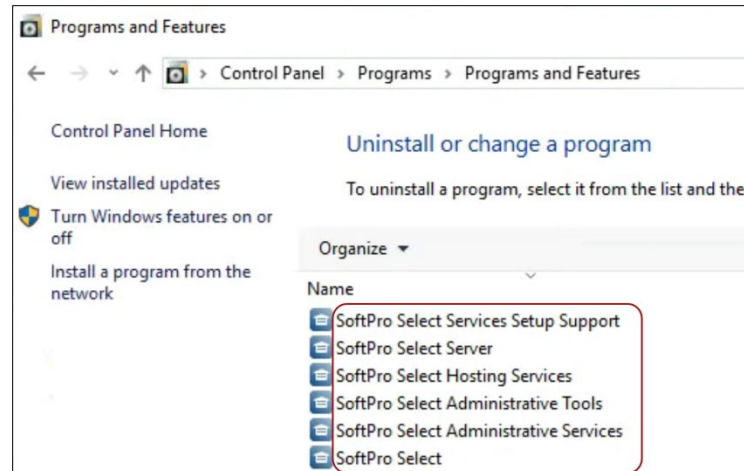

Selecting **Yes**, displays a new second prompt citing **SoftPro Select is already installed**. This is a one-time prompt for the client update when upgrading from a version that used the Squirrel installer to the new Velopack installer.

Click **Repair** to perform the upgrade.

Once the upgrade completes successfully, the Select application can be used as normal.

The **Control Panel > Programs > Programs and Features** now shows **SoftPro Select** versus **SoftPro Select Client**. This is intentional with the Velopack client.

- Updates for Windows 10, Windows 11, and Server 2022 Remote Desktop Connection environments to address a Microsoft memory leak issue in the .NET framework 4.8 and 4.8.1. 436668 / (v4.6.24)

Select is configured to use these fixes by default. To turn these off when troubleshooting if issues are experienced, please note the following:

The configuration item is:

- Inside the **SoftPro.Select.Settings** section, **Configuration Name:**
UseLegacyAccessibilityFeatures
- When this flag is set to **True** or absent: Memory fix is enabled; this is the default.
- When this flag is set to **Fales**: Memory fix is disabled; use for troubleshooting only.
- Okta Authentication added for 360. 507022/ (v4.6.25)
- The following packages were updated. 531431/ (v4.6.25)
 - NuGet packages updated from 6.11.0 to 6.12.1 (v4.6.25):
 - NuGet.Commands version="6.12.1"
 - NuGet.Common version="6.12.1"
 - NuGet.Configuration version="6.12.1"
 - NuGet.Credentials version="6.12.1"
 - NuGet.DependencyResolver.Core version="6.12.1"
 - NuGet.Frameworks version="6.12.1"
 - NuGet.LibraryModel version="6.12.1"
 - NuGet.PackageManagement" version="6.12.1"
 - NuGet.Packaging version="6.12.1"
 - NuGet.ProjectModel version="6.12.1"
 - NuGet.Protocol version="6.12.1"
 - NuGet.Resolver version="6.12.1"
 - NuGet.Versioning version="6.12.1"
 - SoftPro.Marketplace.Signing.Core package updated from version 1.2.0 to 1.3.0.
- Upgrade from v4.6.24 to v4.6.25 Client install using opening Select is failing due to a change required with the Velopack client installer; *resolved*. 526238/ (v4.6.25)

Launching Select prompts the user to upgrade the client (from v4.6.24 to v4.6.25). Once the upgrade is complete, launch Select again to use the application.
